

Newsletter

Dear Tower Hill Children,

Congratulations to all of you for producing such wonderful big books! Looking through them helps us to remember all the brilliant work and learning you have done this year—even if it was only two terms! We are looking forward to seeing you next week and some of you will be meeting teachers that are completely new to the school! You will be working together to get to know each other again and perhaps producing some work to be displayed in your new classroom so that when you come back in September it will feel like home already!

We have some great news! The new Sensory Room is being fitted in the Summer Holidays! Huge thanks to all your grown ups who were able to donate to our fundraising—they have made this happen! Have a great weekend,

Miss Ovenden

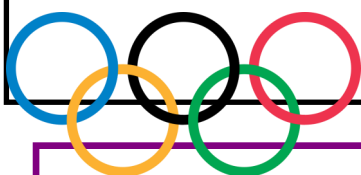

With only one week left of Tower Hill to go the Year 6 pupils were presented with their 'Class of 2020' jumpers this week, a gift from the school. Wear your jumper with pride!

Hampshire School Games Organiser's have put together a summer challenge - **Trek To Tokyo!**

Fun daily activities to help keep pupils active whilst at home during the summer holidays.

Each week parents/pupils can download a new booklet containing all the challenges for the week. These can be found each week from the Energise Me website - <https://www.energiseme.org/schools/hampshire-school-games/hampshire-school-games-trek-to-tokyo/>

Pupils earn miles for each activity completed, with the aim to get to Tokyo.
