

## Extended Homework for Year 4

This homework is designed to be an opportunity for you to write about some of your favourite things/hobbies. You can present this in any way that you like. We have included a checklist of elements that need to be included. We appreciate that some of you have limited resources due to the current situation.

Checklist of elements to include:

- Art - Diagram or picture of the hobby. This can be presented in any format.
- History - Where did your hobby come from? How has it progressed over time? Have there been any changes to the equipment needed?
- Literacy (Writing) - Can you include a set of instructions of how to participate in your hobby? These should be detailed and include: similes, alliteration, fronted adverbials and appropriately organised paragraphs.
- Maths - Can you work out how much it would cost to get all your equipment brand new from a shop? Include a detailed budget using the formal written method for addition.
- Science (If applicable) - Can you explain/describe any changes of state that takes place in your hobby (e.g. If you paint something the paint changes state from liquid to a solid).
- DT - Design a new gadget that will be useful with your hobby. Annotate your designs, explaining each feature.

Please continue to regularly read, complete activities on MyMaths and practice all times tables.
