

AIN'T NO MOUNTAIN HIGH ENOUGH

Year 5 Homework Menu - Extended Home Learning 6.04.20-12.04.20

Here are some fun projects and tasks, related to our learning, that you can have a go at during your time at home.

Don't forget to check MyMaths for your weekly maths tasks and Seesaw for extra learning tasks!

Write a poem about a mountain. Remember to include poetic features: rhyming, similes, metaphors, personification and alliteration.

Reminder:

Make a list of items in your house and research where they come from. It may be items of clothing, food or a game. Look at the label or on the back of the product to see where it comes from.

Create an Alpine house/Chalet from materials that you may have at home. Remember the weather conditions for your location.

Don't panic if you don't have these items at home- design it on paper, computer or even Minecraft and upload that!

Research what countries contain the tallest parts of the Alps and record their height, country and mountain name.

<https://www.worldatlas.com/articles/the-tallest-mountains-in-the-alps.html>

Challenge: can you convert the unit of measurement for its height to another unit of measurement?

| Height | Country | Name |
|--------|---------|------|
| | | |
| | | |

Create a healthy meal you could have after a walk in the Alps. You can draw or cook this for your family!

Explain why you have chosen certain foods.
Challenge: think about why different foods you have picked are good for the body!

Teach a member of your family the eight Alpine countries (countries where the Alps are).

Ext: Race against a family member to locate these countries on a map of Europe.
