

## Year 5 Home Learning Activities

W.B. 30/03/2020

This is your class QR Code for SeeSaw, you can scan them with normal cameras on tablets or phones. I have assigned 3 different activities for you to choose from- I will mark them for you when you have done them!

*Seesaw*

Shape Scavenger Hunt!

Look on the VLE for instructions!

Make sure you are completing MyMaths Homework tasks that are being set. There is 2 pieces of work a week for you to do!

Each day, add to your Daily Reflection Log (on the VLE) and upload it at the end of the week (30.03.2020).

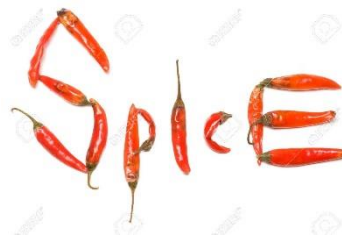

### **Daily Reflection Log**

Beginning of the day	How are you feeling today?	What is your goal for today?
End of the day	Did you achieve your goal?	How are you feeling now?

Sit somewhere in your house and sketch your view- what can you see in front of you?

Pick 5 challenge spellings- make it out of objects that are in your house!

Find the strangest places around your house to read and read for 10 minutes a day in that place! Try to pick a new place every day! Write a blog on VLE about where you have been reading- don't forget to add pictures.

Whilst you are at home, you need to be reading as much as you can. I would love to hear about what books you have been reading!  
If you are looking for extra work, keep logging into TT Rockstars and your E-Books!
