

## Week 6- Topic Support Pack

In this pack, you will find all of the instructions, resources and questions that you will need to complete your Topic lessons for this week. We are starting our Summer topic of the Jurassic Coast!

### Lesson 1 - Geographical characteristics of the UK

**Starter: Can you put any of these famous landmarks on the map of the UK?**

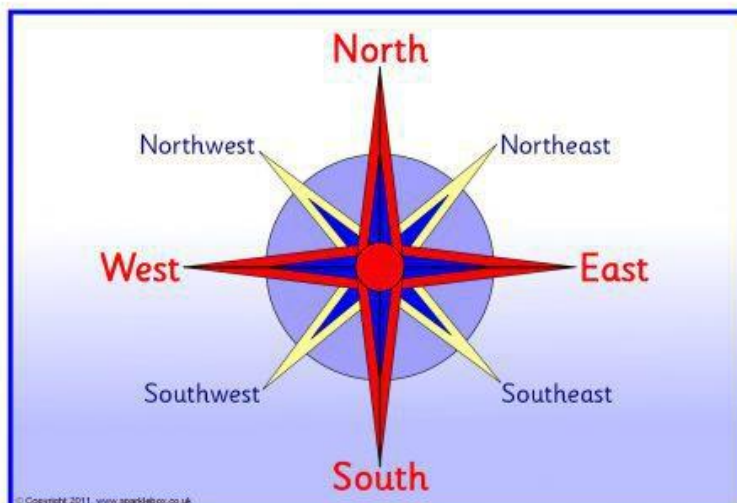

1. London Eye
2. Spinnaker Tower
3. Edinburgh Castle
4. Stonehenge
5. The Roman Baths

Once you have had a go, check against the internet, on a map or with an adult. **Are you correct? How far away were you?**

**If I wanted to find these on the map, how would I know where to start?**

**Recap: Can you remember all of the compass points?**

Learn the rhyme: Never  
Eat Shredded Wheat to  
remember the points.

### Learn: What is a county?

A county is a specific region of a state or country. UK is split up to lots of different counties.

Look at map of the counties in the UK (on the last page of the pack), what county are we in?

How many coastal counties can you find on the map? (Counties around the coast of the UK).

### Challenge:

Can you give directions, using the points of the compass, to the coastal counties that you have found, from Hampshire?

## Lesson 2 - Geographical characteristics of the UK

**Starter:** Get someone to test you on your knowledge of the compass points.

E.g. jump clockwise to north etc.

### Activity: Where does the city go?

Can you plot the five cities onto the map?

1. London
2. Dublin
3. Edinburgh
4. Manchester
5. Cardiff

Once you have had a go, check against the internet, on a map or with an adult. Are you correct? How far away were you?

**Learn: Identifying rivers on a map.**

Look at this map or use this link

<http://ontheworldmap.com/uk/england/map-of-england-and-wales.jpg>

Without studying it too closely: *Can you tell me where the rivers are? How do you know? What do you notice about where all of the rivers are coming from?*

**Research rivers in the UK and find them on a map.** *What cities are they near? Do you know any landmarks that are nearby? What about counties that the river runs through?*

### **Lesson 3 - Geographical characteristics of the UK**

Teach someone what you have learned about the geographical characteristics of the UK from Lesson 1 and 2. You could record yourself and send it to me via the VLE!

#### **Extension Task:**

Look at the Map in your Topic Support Pack (on the last page), can you locate either counties or cities that are at each point of the compass from London?
